September 2023

Participant Eula enjoys the arts & crafts program.

For 43 years doing "Whatever It Takes" to help families keep adult loved ones at home and in the community. Life Enrichment Center is designated a national model among adult day cares across the country.

# Something For Everyone!

Neisler Center participants make posters for an upcoming activity.

Building social networks and participating in social activities are like exercises for your brain. They keep your mind agile and improve cognitive function. Socialization can even help prevent mental decline and lower the risk of dementia.

Life Enrichment Center offers a variety of meaningful programs every day.

Participant Ernest and staff member Kenya lead a group in daily exercise.

(Left to right) Participant Regina shows her creativity during a paint & sip program. Participant Guy & June make wind chimes.

(Left to right) Joe, Werner, Jack, & Jeff met each other at LEC. They have become great friends.
